

Instructions for making a hanging Butterfly Cage

Materials:

2 meters tulle

1.5 meters of ribbon or string

3 large embroidery hoops

Clips or pins

Cut 1.5 meters of tulle.

Form a cylindrical shape, by connecting a hoop at each end, overlapping and leaving plenty of tulle either end to tie off

Tie off the ends of the cage with string or ribbon

With remaining tulle, stretch over third hoop, and insert into cage. This will form the bottom of the cage

Finish by using clips or pins to connect the overlapping flaps.
